Dear Mr. Ghisone:

Subject: Thank you for your playing the saxophone

Thank you very much for visiting our nursing care center. We had a really good time at the concert on December 22. Your performance was a delightful and precious one for us. We appreciate you indeed.

We have endeavored to improve our community welfare to raise the quality of the user's lives. We would like to keep cementing our friendship. We hope you will visit our facility again. We put a small article and pictures about the concert on our website. We would be grateful if you look at this website; <http://www.koseikai-wel.or.jp/>.

Our best wishes for your future growth and prosperity. We would like to thank you again.
Sincerely,

Tomihiko Itani
Facility director
